Subject: Document Review at Reading Room - Planned for Nov 14

Tony

As we have discussed, NRC staff have determined a visit to the reading room at Dominion's contractor offices in Frederick, MD is necessary for informing our resource planning in regards to the anticipated arrival of Revision 7 of your COLA ER (December 2013). It is our understanding that 10AM on Nov 14, 2013 is satisfactory for the necessary participants. The NRC attendees will be as follows:

Tamsen Dozier, Environmental Project Manager
Donald Palmrose, NRC Technical Reviewer
Elijah Dickson, NRC Technical Review

We are submitting the following information requests for our document review activity:

- 1) Provide any significance evaluations of new information which was conducted in support of ER Revisions 4 and 5.
- 2) For the purpose of NRC's resource planning, provide an expert to discuss the ER Revision 7 planned updates (in particular, those sections where updates to the previous basis documents are planned and the process for determining whether information update was warranted).

I already have directions/maps from a previous visit to the reading room and will supply those to the NRC participants.

Thank you for agreeing to accommodate our request and schedule.

Tami
