US Nuclear Regulatory Commission
Washington, DC 20555-0001

Dear Deputy Director:

Regarding license condition 12 of license number SUC-1593 (docket number 040-9083), I am submitting our proposed schedule for submitting license amendment requests to incorporate additional sites as follows:

Installation	Submittal Date (on or before)
Fort Knox	January 31, 2014
Joint Base Lewis-McChord/Yakima Training Center	March 21, 2014
Fort Riley	May 9, 2014
Fort Polk	June 27, 2014
Fort Dix	August 15, 2014
Fort Benning	October 3, 2014
Fort Campbell	November 14, 2014
Fort Bragg	January 9, 2015
Fort Carson	February 27, 2015
Fort Gordon	April 17, 2015
Fort Hood	June 5, 2015
Fort Hunter-Liggett	July 24, 2015
Fort Jackson	September 11, 2015
Fort Sill	October 30, 2015
Fort Greely	December 18, 2015

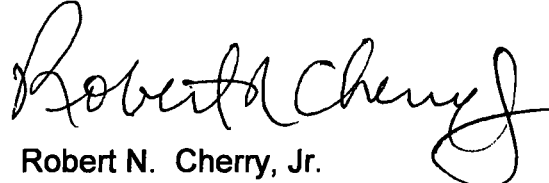

In addition to onsite license activities I must complete soon for Hawaii, I have several other license submittals due in the next few months, so I set the Fort Knox license amendment request to be due at the end of January 2014 to assure I had enough time to write and staff it. I then set the subsequent license amendment applications to be due at seven-week intervals. I will submit each license amendment application as early

FSME20

as I can. Should I not be able to meet a date, I will let you know the reason why and propose a new date.

You may reach me by telephone at (210) 466-0368 or by email at robert.cherry@us.army.mil.

Sincerely,

A handwritten signature in black ink, reading "Robert N. Cherry, Jr." in a cursive style.
