SUMMARY

We have reviewed your request to amend your license, however, it is not clear what changes need to be made. Please provide the following information to clarify the request:

1. Please confirm that the sale of a portion of the company is not a change in ownership. Please refer to the definition below to ensure there has not been a transfer of control.

“Control over licensed activities can be construed as the authority to decide when and how that license (licensed material and/or activities) will be used. A change of ownership may be an example of a change of control if authority over the license has transferred from one person to another. The transfer of stock or other assets is not necessarily a change of control. The central issue is whether the authority over the license has changed.”

Please also note that since it is our understanding that you will still be retaining authority over your license, please respond in writing confirming that there has been no transfer of control. Please contact me if this understanding is not correct.
