Gentlemen:

Subject: Docket Nos. 50-206, 50-361, and 50-362  
Withdrawal of Merger Amendment Request of Southern California Edison  
Company and San Diego Gas & Electric Company  
San Onofre Nuclear Generating Station  
Units 1, 2, and 3

Reference: April 28, 1989, letter from K. P. Baskin (SCE) to Document Control  
Desk, "Merger of Southern California Edison Company and San Diego  
Gas & Electric Company," San Onofre Nuclear Generating Station,  
Units 1, 2, and 3.

On May 8, 1991, the California Public Utilities Commission (CPUC), voted to deny the merger between Southern California Edison (SCE) and San Diego Gas & Electric (SDG&E). After reviewing the decision, SCE and SDG&E will not appeal the CPUC decision. SCE and SDG&E have agreed to terminate the merger agreement and withdraw pending regulatory approval requests. Accordingly, SCE hereby withdraws the merger amendment request submitted to the NRC on April 28, 1989 (Referenced). SCE extends its appreciation to the NRC staff for their efforts expended during this two-year long process.

If you have any additional questions, please let me know.

Very truly yours,
