Irvine, California 92718

Mr. Gary D. Cotton
Senior Vice President
Engineering and Operations
San Diego Gas & Electric Co.
101 Ash Street
San Diego, California 92112

Gentlemen:

SUBJECT: SAN ONOFRE NUCLEAR GENERATING STATION - WITHDRAWAL OF AN AMENDMENT
REQUEST (TAC NOS. 73050, 73053, AND 73054)

By letter dated April 28, 1989 and supplemented by letters dated May 15, 1989, and November 5, 1990, you applied for amendments to Provisional Operating License No. DPR-13, Facility Operating License No. NPF-10, and Facility Operating License No. NPF-15 representing San Onofre Nuclear Generating Station, Unit Nos. 1, 2, and 3, respectively. The proposed change would have reflected changes in the ownership of San Onofre Nuclear Generating Station, which would have resulted from the merger of two co-licensees, Southern California Edison Company and San Diego Gas & Electric Company. Subsequently, by letter dated June 19, 1991, you withdrew the amendment request since you are no longer pursuing the merger of the two companies.

The Commission has filed the enclosed Notice of Withdrawal of Application for Amendment to Facility Operating Licenses with the Office of the Federal Register for publication.

Sincerely,

Original signed by:

Lawrence E. Kokajko, Project Manager

UNITED STATES NUCLEAR REGULATORY COMMISSION
SOUTHERN CALIFORNIA EDISON COMPANY, ET AL.
DOCKET NOS. 50-206, 50-361, AND 50-362
NOTICE OF WITHDRAWAL OF APPLICATION FOR
AMENDMENTS TO FACILITY OPERATING LICENSES

The United States Nuclear Regulatory Commission (the Commission) has granted the request of Southern California Edison Company, et al. (the licensee), to withdraw its April 28, 1989, application for proposed amendments to Provisional Operating License No. DPR-13, Facility Operating License No. NPF-10, and Facility Operating License No. NPF-15 for the San Onofre Nuclear Generating Station, Unit Nos. 1, 2, and 3, respectively, located in San Diego County, California.

The proposed amendments would have revised the Operating Licenses, to reflect ownership of San Onofre Nuclear Generating Station, which would have resulted from the merger of two co-licensees, Southern California Edison Company and San Diego Gas & Electric Company.

The Commission has previously issued and published in the FEDERAL REGISTER a Notice of Consideration of Issuance of Amendment on September 6, 1989 (54 FR 37053), and an Environmental Assessment and Finding of No Significant Impact on October 12, 1990 (55 FR 41620). However, by letter dated June 19, 1991, the licensee withdrew the proposed changes since the licensee is no longer pursuing the merger of the two companies.

~~9106 28006 7~~

For further details with respect to this action, see the licensee's application for amendments dated April 28, 1989, as supplemented by letters dated May 15, 1989, and November 5, 1990, and the licensee's letter dated June 19, 1991, which withdrew the application for amendments. The above documents are available for public inspection at the Commission's Public Document Room, 2120 L Street, N.W., Washington, D.C., and the Local Public Document Room located at the Main Library, University of California, P.O. Box 19557, Irvine, California 92713.

Dated at Rockville, Maryland this 21st day of June 1991.

FOR THE NUCLEAR REGULATORY COMMISSION

Lawrence E. Kokajko, Project Manager
Project Directorate V
Division of Reactor Projects III/IV/V
Office of Nuclear Reactor Regulation
