Dear Sir or Madam,

Agilent Technologies, Inc. requests to withdraw the amendment request for its 07-28762-02G license dated October 10, 2013.

The amendment request identified what Agilent believed was the need to add the Shanghai, China address to the distribution license. However, after communication with the Region 1 office, we now understand that the China address is not applicable for the license.

Please contact me at 302-636-3757 if you have any questions associated with this amendment or David Bennett (RSO) at 302-636-8262 if you have any technical questions.

Sincerely,

David Hoppy
