**Subject:** Diablo

Hello NRC:

The nuclear power plant at Diablo was originally proposed for the dunes near Oso Flaco Lake. As a responsible Biologist in 1977 I felt radioactive nuclear waste should NOT be produced as it modifies DNA. I was told it would be taken care of (Yucca Mt.).

What do you plan to do with the waste material from this plant that last for so many years & looks like it will remain at Diablo???

I suggest this material be stored in the backyards of the NRC which permitted this plant to even operate. It should NOT be stored at Diablo (which is on top of earthquake faults like Japan) which is upwind to Nipomo.

Bill Denneen, Retired Biologist, 1040 Cielo Lane, Nipomo, CA, 93444 929-3647
