Docket No. 50-206

Mr. R. Dietch
 Vice President
 Nuclear Engineering and Operations
 Southern California Edison Company
 2244 Walnut Grove Avenue
 Post Office Box 800
 Rosemead, California 91770

Dear Mr. Dietch:

At a meeting held on January 17, 1980 at KMC representatives of NRC advised members of the SEP Owners Group that it would be very helpful if each SEP licensee provided a list of references for SEP Topics similar to that submitted by Commonwealth Edison (Attachment 1).

Representatives of the Owners Group recognized the value of such a list, however, it was noted to be a significant effort and some concern was expressed that at least part of the listing might not be used. Therefore, the group indicates a willingness to provide upon request such a list for specific topics on a case by case basis. Accordingly you are requested to provide references to docketed information relating to the following topics for which NRC staff will be performing the review:

II-2.A	VIII-4
II-3.C	IX-4
III-4.A	XV-9
V-6	XV-10
VI-7.A.1	XV-11
VI-7.C.1	XV-12
VI-8	XV-19

Please provide the above references within 90 days of your receipt of this letter.

Sincerely,

Original Signed by:
 Dennis L. Ziemann
