Consideration of Environmental Impacts on Temporary Storage of Spent Fuel After Cessation of Reactor Operation

Comment On: NRC-2012-0246-0456

Waste Confidence - Continued Storage of Spent Nuclear Fuel; Extension of Comment Period

Document: NRC-2012-0246-DRAFT-0767

Comment on FR Doc # 2013-26726

Submitter Information

Name: Arlene Johnson

Address:

San Clemente, CA,

General Comment

Dear Madams and Sirs:

Regarding the decommissioning of the San Onofre Nuclear Power Plant. It is unacceptable to not develop a definitive plan to properly and fully decommission the San Onofre power plant. Storing and not moving the highly dangerous radioactive waste from the highly populated South Orange and North San Diego County areas that surround the plant is irresponsible.

I ask that you please develop a timely, thorough and complete decommission process for San Onofre, and share that plan with the public and in particular, the residences of South Orange and North San Diego County for our input into the process. Our property and more importantly, our health are at stake if the radioactive waste leaks into the environment that is our home.

Thank you,

Arlene Johnson

San Clemente Resident
