Subject: Duke Energy Carolinas, LLC  
William States Lee III Nuclear Station - Docket Nos. 52-018 and 52-019  
AP1000 Combined License Application for the  
William States Lee III Nuclear Station Units 1 and 2  
Proposed Site Specific Seismic Analysis Methodology Meeting  
Ltr# WLG2013.11-02

Duke Energy requests the proposed weekly meeting on December 12, 2013 be a closed meeting. During this meeting, information will be shown to support our proposed analytical strategy. Detail discussion of the nuclear island model that is considered proprietary information by our engineering service provider, will be presented. A proprietary comparison to test results will also be discussed. In addition, much of the information being presented is based on preliminary calculations and is currently unverified information.

If you have questions or need additional information, please contact me at (704) 382-4046.

Sincerely,

Robert Kitchen  
Licensing Director
