Attn: Jeffery Jacobson US Nuclear Regulatory Commission Reactor Sr. Operations Engineer

Subject: Request for extension of response time for the response to NRC Notice of Nonconformance related to Report Number 99900080/2013-201.

Dear Sir,

SPX Corporation Copes-Vulcan Operation, (SPX) is requesting an extension to the thirty, (30) days response time provided in the Notice of Nonconformance letter. Due to the time needed to complete the investigation of the nonconformance 99900080/2013-201-02 with regard to the pyrotechnic powder mix freedom from contamination SPX is requesting an additional sixty, (60) days to complete the response to the subject Notice of Nonconformance.

SPX appreciates your consideration in the matter of this request.

Regards,

Richard Kuntz
Quality Assurance Manager
