Southern Nuclear Operating Company
Vogtle Electric Generating Plant Units 3 and 4
Supplement to Application for Order Consenting to Transfers of
Licenses and Approving Conforming License Amendments (LAR-13-040S)

Ladies and Gentlemen:

Southern Nuclear Operating Company previously submitted an Application for Order Consenting to Transfers of Licenses, ND-13-2473, dated December 2, 2013, and the NRC provided comments shortly thereafter.

This letter supplements SNC's submittal by noting that in accordance with 10 CFR 50.91 the appropriate State of Georgia official has been notified and provided a copy of the application dated December 2, 2013, as well as a copy of this letter.

In addition, this letter replaces Exhibit A to Enclosure 1 of ND-13-2473 to correct a typographical error in some of the pages' titles.

This letter contains no regulatory commitments, nor does it change the scope of the initial license amendment request, including the no significant hazards consideration. Should you have any questions, please contact Mr. Brian Meadors at (205) 992-7331.

Mr. B. L. Ivey states he is a Vice President of Southern Nuclear Operating Company, is authorized to execute this oath on behalf of Southern Nuclear Operating Company and, to the best of his knowledge and belief, the facts set forth in this letter are true.

Respectfully submitted,

SOUTHERN NUCLEAR OPERATING COMPANY
