

U.S. Nuclear Regulatory Commission

Selection of FY 2013 Special Interest Function for Analysis

The U.S. Nuclear Regulatory Commission (NRC) has selected Product Service Code (PSC) R710, "Support Management – Financial" for further review during fiscal year (FY) 2014. NRC obligated \$3,614,200.00 on contracts under this PSC during FY13. PSC R710 has been selected for further analysis for the following reasons:

- It did not appear in NRC's Top 10 PSCs during FY12;
- The remaining Top 9 PSCs for FY13 are either being evaluated as part of NRC's strategic acquisition process, and additional analysis in these areas would be duplicative, or further analysis would be futile due to the nature of those services; and
- PSC R710 was not the subject of a previous focused analysis.
