Subject: Request for additional information for proposed new authorized users

(NOTE: This will be used as the Documents Title in ADAMS)

On November 7, 2013, I requested additional information in order to add three new authorized users (AUs) to the CDL Nuclear Technologies, Inc. license. On December 11, 2013, I spoke with Mr. Lon Wilson, CDL's President and Radiation Safety Officer, to find out the status of my request. Mr. Wilson indicated that they were still collecting the additional information and asked if I could void the action for now. I told Mr. Wilson I would void the action and that when he gets the additional information, he can resubmit the amendment request in full, or he can submit the additional information and reference mail control number 582229.

Action Required: Void the license amendment.
