Dear Mr. Smith:

By letter dated June 27, 2013 (reference 1), USEC wrote to: (1) explain the basic terms of a planned restructuring of the balance sheet of USEC Inc., the ultimate parent in the USEC Inc. corporate family; (2) request U.S. Nuclear Regulatory Commission (“NRC”) concurrence that the planned restructuring is not a direct or indirect transfer of control requiring prior, written NRC consent pursuant to Section 184 of the Atomic Energy Act of 1954, as amended or 10 CFR §§ 70.36 or 76.65; and (3) request temporary withholding of USEC’s letter as well as all materials related to the planned restructuring, pursuant to 10 CFR §§ 2.390(a)(4) as confidential proprietary information until such time as the information was made public in connection with the restructuring or otherwise. By letter dated July 31, 2013 (reference 3), the NRC determined that the planned restructuring is not a direct or indirect transfer of control requiring prior, written NRC consent pursuant to Section 184 of the Atomic Energy Act of 1954, as amended or 10 CFR §§ 70.36 or 76.65 and by letter dated July 18, 2013 (reference 2) approved our request to withhold from public disclosure the information concerning the restructuring.

On December 16, 2013, USEC Inc. (“USEC” or the “Company”) entered into a plan support agreement (the “Plan Support Agreement”) with the holders of more than 60% of USEC’s outstanding 3.0% convertible senior notes due October 1, 2014 (the “Consenting Noteholders”) regarding a proposed voluntary chapter 11 pre-packaged or pre-arranged plan of reorganization of the Company (the “Plan”). Information concerning the planned restructuring was provided to the public by the release of a press release and the filing of Form 8-K with the U.S. Securities
