We are moving!

Hopewell Designs, Inc. is pleased to announce that we have moved into a larger building to better serve our customers. Our new building has 20,000 square feet of space. We have tripled our manufacturing space and added a separate integration area for final assembly and testing.

Please change your records to show our new address. Only our street address has changed. City, zip code, and telephone numbers remain the same. Our street address has changed from 1925 Grassland Parkway to

5940 Gateway Drive, Alpharetta, GA 30004

Our new building is just around the corner from our old one.

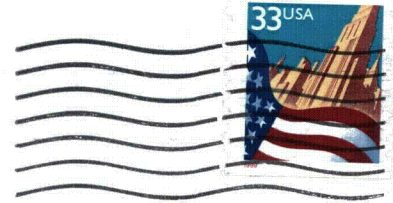

Thank you for all of your support. Because of all the excellent relationships we have with our customers, vendors, and friends, we have been able to grow and expand. In our new space, we will be adding services and capabilities to better support our customers. Come by and visit us in our new building. We would be happy to give you the grand tour.

Sincerely,
R.O. Rushton
President
