Subject: poposed Peña Ranch mill
Attachments: 121013 NOI letter to USNRC.pdf

Dear Mr. Persinko,

Attached is a letter updating the Notice of Intent for the conventional uranium mill proposed for the Peña Ranch site in McKinley County, New Mexico. As you will see, Energy Fuels Resources is requesting that NRC suspend review of the pending license application until further notice in recognition of current plans to process ore from the Roca Honda Mine at the White Mesa mill in Blanding, Utah. A hard copy of the letter will be sent to NRC via the USPS. Please don't hesitate to contact me if there are any questions regarding this notice.

Sincerely,

Michael Neumann
Manager, New Mexico Operations
