Subject: FYI: Receipt of Iowa final regulations for RATS ID: 2011-1 and 2012-1

Dear Ms. Leek:

The Office of Federal and State Materials and Environmental Management Programs has received your letter dated December 18, 2013, transmitting the Iowa's final regulations to incorporate RATS ID: 2011-1 and 2012-1. The letter also requested that we review RATS ID 2012-2. After discussion with R. Dahlin of your staff on December 19, 2013, we are not accepting RATS ID 2012-2 for review, since your existing transportation rules require persons who transport radioactive materials to comply with the 2010 version of 10 CFR Part 71. The amendment changes for RATS ID 2012-2 were issued in 2012. We understand that you will resubmit this amendment at a later date.

The review has been assigned to Jim Lynch and it is our goal to complete the review within 60 days.

If you have any further comments or questions, please contact me. Thank you for your attention
