Dear Mr. Rodriguez-Valle:

This letter refers to the letter dated November 5, 2013, from Mr. Anibal Diaz of your staff, in response to our letter and Notice of Violation (Notice) dated September 9, 2013. Thank you for informing us of the corrective and preventive actions documented in your letter.

You acknowledged in your response that weakness of your training program contributed to most of the violations described in the Notice. Use of licensed material by inadequately trained personnel can result in serious consequences to personnel and members of the public. It is our understanding that you have taken steps to strengthen your training program for your employees. Your corrective actions, including the training of your personnel will be examined during a future inspection of your licensed program.

Your cooperation with us is appreciated.

Sincerely,
