General Comment

I reject the nrc waste confidence proposal and u must reject it. If there is to be a hope for our children and by the power of all that is loving and good help now to free the planet and our children from a nuclear death sentence. Reject all permits unless they are for shutting down nukes permanently. No state or country or sea or outerspace is a dump for toxic waste. Lets all end the waste. Thanx I am another you .you are another me sincerely Lisette Velazquez 12*20*13
