Docket: NRC-2012-0246

Consideration of Environmental Impacts on Temporary Storage of Spent Fuel After Cessation of Reactor Operation

Comment On: NRC-2012-0246-0456

Waste Confidence - Continued Storage of Spent Nuclear Fuel; Extension of Comment Period

Document: NRC-2012-0246-DRAFT-1144

Comment on FR Doc # 2013-26726

Submitter Information

Name: Paul Carlton

General Comment

I am very much opposed to continuing the storage of spent fuel at the San Onofre site. It is absolutely essential that the NRC find and locate a site for the storage of all of our spent fuel. It has been so many years since Yucca Mountain was rejected. And why are you still approving new nuclear plants when you have not been able to find permanent safe storage for spent fuels from over 100 nuclear plants.
