General Comment

On behalf of the 5,189 current members of our citizens group, San Clemente Green, I submit our collective statement to the NRC's request for public input. Attached are the signatures of the people who were able to participate in our petition campaign initiated only three days ago. Also attached, please find the Resolution from the San Clemente City Council concerning the impact of the GEIS on our community, approved unanimously on December 17th.

COMMENTS ON WASTE CONFIDENCE GENERIC ENVIRONMENTAL IMPACT STATEMENT

COMMENTS ON WASTE CONFIDENCE GENERIC ENVIRONMENTAL IMPACT STATEMENT

Docket ID No. NRC-2012-0246, December 20, 2013

Gary Headrick
Co-founder of San Clemente Green
2837 Penasco
San Clemente, CA 92673
(949) 218-4051

On behalf of the 5,189 current members of our citizens group, we submit our collective statement to the NRC's request for public input. Attached are the signatures of the people who were able to participate in [our petition](#) campaign initiated only three days ago. Also attached, please find the Resolution from the San Clemente City Council concerning the impact of the GEIS on our community, approved unanimously on December 17th.

Here is the text of our petition which serves as our remarks:

Abandon the generic "one size fits all" approach to storing nuclear waste and instead, make site-specific environmental reports and recommendations that take local conditions into account.

The NRC, by court order, has been required to gather public input regarding a Generic Environmental Impact Statement (GEIS) regarding the storage of nuclear waste that is grossly inadequate and leaves over 150 million Americans who live within 50 miles of a nuclear power plant at risk.

The NRC has declared that it would only be a SMALL risk to the environment and communities near nuclear power plants to store nuclear waste on-site for 60 years, 160 years or even INDEFINITELY if no permanent repository is established.

The analysis makes no distinctions among all of the nuclear power plants covered by the GEIS with regard to levels of seismic risk (earthquakes and tsunamis), regional population levels, proximity to transportation corridors, etc.

In the GEIS Executive Summary, the stated purpose of this ruling is for the efficiencies that would be gained, minimizing expenditures and avoiding delays in licensing reviews. This apparent bias towards the industry seems to contradict the sole purpose of the NRC in protecting the public and the environment.

This report only reinforces the growing mistrust of nuclear regulators who would play down the risk of storing nuclear waste wherever it may be presently, apparently bending to the will of the industry they are supposed to regulate.

Suggesting that we will be able to rely on unproven or non-existent technology for safe storage of nuclear waste for thousands of years puts the future of our entire nation at risk.

If there was just one lesson to be learned from the ongoing nuclear disaster in Japan it is that our best science and engineering is no match for the unpredictable forces of nature. It is time to stop the nuclear waste con and make it a national priority to find real solutions to stop this ticking time bomb before it is too late.

Here is what needs to be done:

- Make it a national priority to come up with real solutions to long term nuclear waste storage;
- Abandon the generic "one size fits all" approach and instead, make site-specific environmental reports and recommendations;
- Immediately reduce spent fuel pool density to original design standards, without exemptions;
- Accelerate ongoing hardened, on-site storage of spent fuel at all reactor sites.
- Cease production of all nuclear waste.

December 19, 2013

gary@sanclementegreen.org

At its meeting of December 17, 2013, the San Clemente City Council unanimously adopted Resolution No. 13-53 entitled A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SAN CLEMENTE, CALIFORNIA, DECLARING THE CITY'S POSITION ON VARIOUS ISSUES RELATING TO THE PENDING CLOSURE OF THE SAN ONOFRE NUCLEAR GENERATING STATION (SONGS) REFERENCE: DOCKET ID NO. NRC-2012-0246. A certified copy of Resolution No. 13-53 is enclosed.

Please feel free to contact me if you have questions or require additional information.

Sincerely,

A handwritten signature in blue ink, appearing to read "Joanne Baade".

Joanne Baade
San Clemente City Clerk

cc: Certified Copy of Resolution No. 13-53

RESOLUTION NO. 13-53

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF
SAN CLEMENTE, CALIFORNIA, DECLARING THE CITY'S
POSITION ON VARIOUS ISSUES RELATING TO THE
PENDING CLOSURE OF THE SAN ONOFRE NUCLEAR
GENERATING STATION (SONGS)
REFERENCE: DOCKET ID NO. NRC-2012-0246

WHEREAS, San Clemente is home to 65,000 residents and is located entirely within the 10-mile Emergency Planning Zone for the San Onofre Nuclear Generating Station; and

WHEREAS, in June 2013, following more than a year of investigation and analysis by both Southern California Edison (SCE) and the Nuclear Regulatory Commission (NRC), SCE determined that San Onofre should be permanently decommissioned; and

WHEREAS, in response to Southern California Edison's decision to decommission SONGS, the City of San Clemente urges SCE and the NRC to ensure that public safety remains paramount during the decommissioning process and beyond; and

WHEREAS, Congress assigned to the Energy Department the task of creating an underground repository for nuclear waste as a result of the Nuclear Waste Policy Act of 1982, however, that task has yet to be completed; and

WHEREAS, the storage of spent fuel rods onsite at SONGS continues to be a concern to the residents of San Clemente; and

WHEREAS, the Nuclear Regulatory Commission (NRC) controls the decommissioning of nuclear facilities to ensure that safety requirements are being met, and

WHEREAS, the City Council of the City of San Clemente takes its responsibility to represent its citizens with utmost seriousness and, as such, desires to be included in the decommissioning process for SONGS.

NOW, THEREFORE, the City Council of the City of San Clemente does hereby resolve as follows:

Section 1. The City of San Clemente formally requests the creation of a repository to provide safe storage of nuclear waste.

Section 2. Once complete the City of San Clemente requests that the spent fuel rods stored onsite at SONGS be prioritized for relocation to the repository as soon as it is safe to do so, in light of a) the geographic conditions unique to SONGS, b) the dense population surrounding SONGS, and c) the fact that SONGS is being decommissioned.

Section 3. The City Clerk is hereby directed to forward certified copies of this resolution to the Nuclear Regulatory Commission, the Department of Energy and Southern California Edison.

Section 4. The City Clerk shall certify to the passage and adoption of this resolution and enter it into the book of original resolutions.

PASSED AND ADOPTED this 17th day of December, 2013.

ATTEST:
