Mr. Jim Dyer  
Chief Financial Officer  
U.S. Nuclear Regulatory Commission  
Washington, DC  
20555-0001

Dear Mr. Dyer,

I would like to take the opportunity to thank you and your colleagues for the support provided to the Canadian Nuclear Safety Commission in its efforts to review formula fees.

As you know, we undertook a policy review of our fee structure that supports our regulatory efforts for nuclear substances and radioactive devices. Through our research, we reached out to the U.S. Nuclear Regulatory Commission to better understand how our fees compared against your jurisdiction.

Through this process you and your colleagues provided our organization with an outstanding level of service, both in terms of the quality of information provided as well as the timeliness. Our request was acted upon in the most professional manner along with an extreme level of commitment to ensure we had everything required for our analysis.

The efforts of both Ms. Arlette Howard and Mr. Dennis Sollenberger are to be commended.

Again, I would like to extend my sincere appreciation to you and your colleagues.

Yours truly,

Stéphane Cyr  
Vice President,  
Corporate Services Branch and Chief Financial Officer
