**Re: Change of Control of NRC Materials License No. 13-26691-01**

Dear Dennis:

The purpose of this letter is to notify your office that effective October 1, 2013 substantially all of the assets of Northwest Indiana Cardiovascular Physicians, P.C. (the "Practice") were acquired by Porter Physician Services, LLC ("Porter"). I understand that Porter has already indicated to your office in previous correspondence that it agrees as Transferee to the change of ownership of the licensed materials and the conditions of transfer. I am now writing on behalf of the Practice as Transferor to indicate that Transferor also agrees to the change of ownership of the licensed materials and the conditions of transfer. There are no open inspection items pending for this license, and Transferee has accepted responsibility for the license and conditions as they existed upon the date of transfer.

On behalf of the Practice, I respectfully request that you process Porter's change of ownership request of the NRC Materials License.

Sincerely,

Daniel P. Linert, President
