Subject: RAI, Additional Source Line Items

Discussion: I asked Ms. Yingling why she made three line items in the application dated November 27, 2013, when there was only one device model. She told me that they were using two additional devices; both are models in the Berthold Model LB7400 series of fixed gauges. I also asked about the sealed source BEBIG Model Cs7.002. She said it was a typo and should be Cs7.P02.

Action Required: Continue on reviewing the application.
