To Material Licensing:

ECS Mid-Atlantic, LLC in Fredericksburg, Virginia would like to request an amendment to our current license in reference to the suite number of our office address. Our address is now at **Suite 100** instead of Suite 206. Our main entry was previously at the second floor of our current building. We have now moved our entire office staff to the first floor which created a change in the address. Please note our building and the permanent storage area for radioactive materials has not changed. The permanent storage area has been located on the first floor since we moved into this building in the year 2006.

If you have any questions regarding the contents of this letter, or if there is need for further information, please contact us.

Sincerely,
