Dear NRC, Pocket ID NRC-2012-0246

Best onward move

- Stop all nuclear production
and HOSS for a million years.

a n i t o
d e n t e a g e

Dry Casks are only guaranteed for 20 years so monitor for a million as it costs twice as much to have it in pools and dry casks are the one part that with stood

Fukushima.

HOSS = common sense

Renewables = common sense

Nuclear = insanity

Bloom Box is the choice of alternative energy for Google, Fed Ex, Wal Mart Fuel cells from beach sand, corporate choice, now solar and fuel cell the rest, so we can trust the process that sustains us.

Incredible renewables are

waiting to be known and are discovered and realized to by all who have the means to know what the hell they are doing.

Trust the process,
Janet M. Anderson
