Atlanta, GA 30303-1257

Dear Mr. Bermudez:

This is in response to your recent letter. I am trying to get the leak test and final close out survey done but have been unable to get a suitable person to perform it.

The final date of operation was December 31, 2012.

If you could suggest a suitable person to perform the leak test and the final close out survey it will be appreciated.

Your,

Edgar J. Vazquez Gonzalez, MD
