Dear Chairman Macfarlane,

The Indian Point nuclear plant lies within my Assembly District. I have recently been contacted by a constituent who is worried about whether Entergy has protected the Indian Point nuclear plant adequately from attack from the Hudson River. I would appreciate any information or comments you can send me that discuss how satisfied the NRC is with the security measures that Entergy has taken.

I appreciate your attention to this matter. In addition, the safety of Indian Point, particularly the possibility of attack from the Hudson River, has been raised recently by Senator Chuck Schumer's office. I would like to have the NRC's input on this issue in the face of rising concern.

Sincerely,

A handwritten signature in black ink, appearing to read "Sandy Galef".
