Gentlemen:

Subject: Docket Nos. 50-361 and 50-362
San Onofre Nuclear Generating Station
Units 2 and 3

In our letter of May 19, 1972, we agreed to periodically check the Public Document Room established by the USAEC at the San Clemente Public Library for the availability of certain documents pertaining to San Onofre Units 2 and 3 and to notify your office of any deficiencies we observed. We recently completed the third quarterly check.

Enclosed for your information is a complete list of documents we found to be available in the San Onofre 2 and 3 files at the time of our third quarterly check on March 22, 1973.

It should be noted that:

1. The San Onofre Units 2 and 3 files were found to contain documents pertaining to San Onofre Unit 1, which should be relocated. Such documents are noted on the attached list by asterisks.
2. The documents listed in the Accession List File appeared to be available. However, additional documents originating subsequent to the establishment of the Accession List File were found to be available which were not listed in the Accession List File.
