Mr. Edson G. Case
Acting Director of Nuclear Reactor Regulation
U. S. Nuclear Regulatory Commission
Washington, D. C. 20555

Dear Mr. Case:

Subject: Docket Nos. 50-361 and 50-362
Implementation of 10CFR73.55 Requirements
San Onofre Nuclear Generating Station
Units 2 and 3

In accordance with the subject regulations, which were published in the Federal Register on February 24, 1977, enclosed are five (5) copies of the Physical Security Plan, San Onofre Nuclear Generating Station, Units 2 and 3. This plan supersedes the security plan forwarded by our letter of November 30, 1976, which tendered our operating license application for San Onofre Units 2 and 3.

This security plan describes in detail how the security program at San Onofre Units 2 and 3 will comply with the requirements of 10CFR73.55. This plan will be implemented at the time of fuel loading at Unit 2, presently scheduled for February 1980.

It is requested that this plan be withheld from public disclosure pursuant to §2.790(d) of 10 CFR Part 2.

Very truly yours, Regulatory
