In the Matter of

YANKEE ATOMIC ELECTRIC COMPANY

Docket # 50-029-LA

(Yankee Nuclear Power Station)

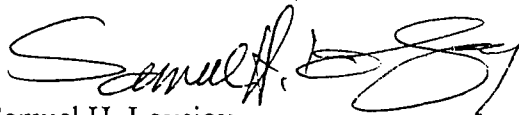

Opposition to Objection to and Motion for Reconsideration
of Portion of Prehearing Conference Order
Filed by Yankee Atomic Electric Company

I. The Franklin Regional Council of Governments (FRCOG) firmly opposes the Motion for Reconsideration and Objection filed by Yankee Atomic Electric Company (YAEC) in the above entitled matter. The FRCOG seeks to move forward expeditiously with the rights granted it under the Atomic Safety and Licensing Board (ASLB)'s Prehearing Conference Order, and would request that the Board reject the legal arguments posed by YAEC. The Board acted properly using a reasonable methodology and its broad discretion in framing Contention 4.

II. The FRCOG would support a reconsideration of the Board's action if and only if such reconsideration strengthened the TEDE criteria by referencing women and children rather than adult males.

III. The FRCOG requests the Board deny this Motion and proceed expeditiously with Discovery.

Respectfully submitted,

Samuel H. Lovejoy
