Subject: Proposed Date for Working Level Meeting to Discuss Chapter 11 Open Items (March 3 or 5)
Attachments: FW: RAI 17, Question 15.00.03-1 Comments
Importance: High

Phyllis,

I am following up on the earlier email you sent to Nathan re: having a public meeting with the NRC Staff to discuss Chapter 11 Open Items. We can support either of the suggested dates of March 3 or 5 (however, March 5 would be a preferred date). This meeting is planned as a face-to-face meeting in Rockville office. The primary focus of the "Working Level Meeting" is to cover the following:

- Draft RAI 625: We are conducting a detailed review of the comments/questions contained in draft RAI 625 and we believe we will have clarification issues. We would like to discuss those comments/questions at the working level meeting in March. We also plan to discuss our resolution plan for the remaining comments/questions in draft RAI 625. Our initial review of the RAI comments/questions found no proprietary information. Since we are requested a working level meeting to discuss this RAI, can you hold off on issuing this RAI as a final, pending discussion at the working level meeting(?). I think this will benefit both of us if changes are required to comments/questions based on March meeting.
- Discussion of Remaining RAIs for Chapter 11: We would also like to discuss status of remaining RAI responses we still owe the staff our response, status of those RAIs that we have already submitted to the Staff as final, and if there are any other pending RAIs to be issued in Chapter 11.

The outcome objective of this meeting is so that we can walk away from this meeting with sufficient understanding of what activities are still pending so that we can prepare a Closure Plan for Chapter 11.

As a separate note, regarding RAI 17 Q15.00.03-1. It appears we have not received the attached question for RAI 17 as a final RAI. Do you know if you have issued this a final RAI, if not, can you issue the attached comments/questions as a final RAI.

If you have any questions, please advise.

Thanks for your support.
