MEMORANDUM TO: Matthew A. Mitchell, Chief  
Projects Management Branch  
Japan Lessons-Learned Project Directorate  
Office of Nuclear Reactor Regulation

FROM: Nicholas J. DiFrancesco, Project Manager */RA/*  
Projects Management Branch  
Japan Lessons-Learned Project Directorate  
Office of Nuclear Reactor Regulation

SUBJECT: SUMMARY OF THE JANUARY 23, 2014, CATEGORY 2 PUBLIC MEETING WITH THE NUCLEAR ENERGY INSTITUTE TO DISCUSS SEISMIC HAZARD REEVALUATIONS ASSOCIATED WITH IMPLEMENTATION OF JAPAN LESSONS-LEARNED NEAR-TERM TASK FORCE RECOMMENDATION 2.1, SEISMIC

On January 23, 2014, the Nuclear Regulatory Commission (NRC) staff held a public teleconference meeting<sup>1</sup> with the Nuclear Energy Institute (NEI) and other stakeholders. The purpose of this meeting was to discuss issues relating to the development of the seismic hazard reevaluations submittals related to Enclosure 1, *Recommendation 2.1: Seismic* of the March 12, 2012, NRC request for information per Title 10 to the *Code of Federal Regulations*, Section 50.54(f) letter<sup>2</sup>.

To facilitate the discussion NEI representatives gave a presentation<sup>3</sup> that described prior seismic hazard studies, risk and safety assessments, industry plans for interim actions and evaluations in response to the reevaluated seismic hazards, and updates to the March 2014 submittal template. The NRC staff discussed development of a letter to reactor licensees related to operability and reportability guidance for the reevaluated seismic hazards planned for issuance in early February 2014. No regulatory decisions or commitments were made during the meeting.

<sup>1</sup> The original meeting notice is available via the Agencywide Documents Access and Management System (ADAMS) under Accession No. ML14010A057.

<sup>2</sup> The 50.54(f) letter and Enclosure 1 are available under ADAMS Accession Nos. ML12053A340 and ML12056A047, respectively.

<sup>3</sup> The presentation slides are available under ADAMS Accession No. ML14022A204.

M. Mitchell

- 2 -

The public was invited to observe the meeting and was given an opportunity to communicate with the NRC after the business portion, but before the meeting was adjourned. The NRC staff received one public comment and no meeting feedback forms. Prior to concluding the meeting it was announced that a public meeting would be held on February 5, 2014.
