Paul Schmidt, Manager
Radiation Protection Section
Division of Public Health
Department of Health Services
P.O. Box 2659
Madison, Wisconsin 53701-2659

Dear Mr. Schmidt:

We have reviewed the Wisconsin legally binding requirements in the revised draft license condition received by our office on January 24, 2014. These requirements were reviewed by comparison to the equivalent Nuclear Regulatory Commission (NRC) rules in 10 CFR Parts 20, 30, 32, 33, 34, 35, 36, 37, 39, 71 and the requirements of the one amendment identified in the enclosed State Regulation Status (SRS) Data Sheet. We discussed our review of the regulations with Cheryl Rogers on February 13, 2014.

As a result of our review, we have no comments. Please note that we have limited our review to the legally binding requirements required for compatibility and/or health and safety. We have determined the license condition as revised meets the compatibility and health and safety categories established in the Office of Federal and State Materials and Environmental Management Programs (FSME) Procedure SA-200, "Compatibility Categories and Health and Safety Identification for NRC Regulations and Other Program Elements."

Additionally, please note that NRC has issued certain security Orders to two Wisconsin licensees. We have not listed the names of the licensees in this letter because that information is Official Use Only and cannot be made publicly available. Because the NRC-issued Orders are still legally binding, they must be rescinded by NRC concurrent with Wisconsin amending those specific licenses with the legally binding requirements. Accordingly, close coordination is needed between NRC and your office to ensure there are no conflicts, duplications, or gaps regarding the security-related requirements for these two licensees. Please contact Adelaide Giantelli, Branch Chief, Source Management and Protection Branch, FSME at (301) 415-3521 (adelaide.giantelli@nrc.gov) for information regarding the affected Wisconsin licensees and for coordination with rescission of the NRC-issued Orders and Wisconsin imposition of the legally binding requirement on these licensees.

P. Schmidt
