SUBJECT: Additional information Requested Mail Control No. 581435

Dear Mr. Gallagher:

This letter is in reference to the additional information required of your email dated Dec 15, 2014. The additional information requested and answers are listed below.

I do have one final request in support of Hospital Perea's request to renew License No. 52-19984-01: would you please revise the statement made on page 8 of the application dated July 22, 2013 in which you respond to Item 10: Safe Use of Unsealed Licensed Material. The statement contained in the application reads: "We have developed and will implement and maintain procedures for safe use of unsealed byproduct material that meet the requirements of 10 CFR 20.1101 and 10 CFR 20.1301." Please revise this statement to read: "We have developed and will implement and maintain *written (note: italics added)* procedures for safe use of unsealed byproduct material that meet the requirements of 10 CFR 20.1101 and 10 CFR 20.1301." Please follow the same process as yesterday and send the revised statement to me via email (pdf) once Mr. Martinez Rivera has signed the letter.

We have revised the information on page 8 of the application dated July 22, 2013 and this statement must read: "**We have developed and will implement and maintain written procedures for safe use of unsealed byproduct material that meet the requirements of 10 CFR 20.1101 and 10 CFR 20.1301.**"

A handwritten signature in cursive script, reading "Jorge I. Martinez Rivera".
