Re: Freedom of Information Act Request

Dear Dr. Macfarlane:

This is a request under the Freedom of Information Act for In-Plant Reliability Data.

I request that a copy of the following documents [or documents containing the following information] be provided to me: In-Plant Reliability Data (aka NPRDS) as described in NUREG/CR-2641 for the Entergy nuclear power stations: Arkansas Nuclear One, Indian Point Energy, Palisades, and Pilgrim

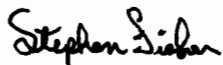

In order to help to determine my status to assess fees, you should know that I am affiliated with a private corporation and am seeking information for use in the company's business supporting work for the Nuclear Regulatory Commission's "Proposed Risk Management Regulatory Framework" April 2012, report from the Risk Management Task Force (ML12109A77.pdf).

I am willing to pay fees for this request up to a maximum of \$25.00 per nuclear power station. If you estimate that the fees will exceed this limit, please inform me first.

Optional: I request a waiver of all fees for this request. Disclosure of the requested information to me is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in my commercial interest.

Thank you for your consideration of this request.

Sincerely,
