**Re: State of Utah Specific License number R313-21-22(4)**

Mr. Rodriguez-Luccioni,

Weatherford will be moving 4 generally licensed densometers in the State of Wyoming for use on temporary well sites from the Utah State Specific License number R313-21-22(4). We will move these devices from their current location to the well on Saturday January 18th, 2013 and will complete on Friday 24th, 2014.

These 4 devices will be moved to the RK1 Exploration & Production. Well # Herron 36-719-1PH

GPS coordinates are: Latitude of 43° 6' 8.136" N and Longitude of 105° 22' 42.240" W, nearest town is Douglas Wyoming.

Device serial #	Model #	Source Ser. #	Activity	Isotope	Manufacturer
