Re: Federal Consistency Review for Entergy
Nuclear Indian Point 2, LLC and Entergy Nuclear
Indian Point 3, LLC, and Entergy Nuclear
Operations, Inc. (Entergy)
Docket Nos. 50-247-LR and 50-286-LR
ASLBP No. 07-858-03-LR-BD01
DPR-26, DPR-64
(DOS Filing # F-2012-1028)

Dear Ms. James:

For your records, enclosed please find a copy of a second stay agreement, entered into between the New York State Department of State (DOS) and Entergy pursuant to 15 C.F.R. § 930.60(b), which suspends the review for a time period beginning January 9, 2014 and ending on October 20, 2014. The stay agreement provides for DOS to review public comments it received and to review any additional information that Entergy timely submits to DOS.

At the expiration of the stay agreement, there will be 72 days remaining in the coastal consistency review period. Unless the stay is extended by mutual agreement between the parties, DOS will issue its decision by December 31, 2013.

Please contact me at (518) 474-6740 if you have any questions or wish to discuss.

Sincerely,

Linda M. Baldwin

SECOND STAY AGREEMENT

The Coastal Zone Management Act provides the state coastal management agency six (6) months to review a complete consistency certification and issue a decision. 16 USC § 1456(c)(3)(A). The regulations for consistency review provide an opportunity to stay the coastal state's review with the applicant's agreement. 15 CFR § 930.60(b).

Since June 20, 2013, the New York Department of State ("DOS") has been reviewing, for federal consistency, the License Renewal Application for Entergy Nuclear Indian Point 2 and Entergy Nuclear Indian Point 3 submitted by Entergy Nuclear Indian Point 2, LLC, Entergy Nuclear Indian Point 3, LLC, and Entergy Nuclear Operations, Inc. ("Entergy") (DOS Filing# F-2012-1028).

By an agreement dated October 9, 2013, acting pursuant to 15 CFR § 930.60(b), DOS and Entergy agreed to a stay period beginning on October 9, 2013 and ending on January 9, 2014 to provide adequate time for DOS to review public comments and any additional information Entergy timely submits to DOS within the review period. The expiration of the stay left 72 days in the coastal consistency review period.

In this second stay agreement, acting pursuant to 15 CFR § 930.60(b), DOS and Entergy agree to an additional stay period beginning on January 9, 2014, and ending on October 20, 2014, to provide adequate time for DOS to evaluate the additional information that Entergy timely submits to DOS within the review period. The expiration of this second stay period also leaves 72 days in the coastal consistency review period.

Unless the stay period is shortened or extended by subsequent mutual agreement of the undersigned, the consistency decision is due on or before December 31, 2014.
