Sorry, I thought I replied yesterday but I don't see it in my sent box. Yes, Mary can support and will strive to meet the requested schedule.

Robert,

I would very much appreciate having the attached technical assistance request sent to the following Branch Chiefs:

- Patti Silva for environment review,
- Brian Smith for fire safety, and
- Blake Welling for physical security.

I will also need to have someone in FMB review chemical safety and radiation safety.

Regards.

Chris Ryder
