Submitting Complete and Accurate Information: Petition for Rulemaking; Supplement; 10 CFR Parts 30, 40, 50, 52, 60, 61, 63, 70, 71, and 72 (PRM-50-107; NRC-2013-0077)

On January 21, 2014, the NRC published a supplement to a petition for rulemaking (PRM), PRM-50-107, in the *Federal Register* ([79 FR 3328](#)). The supplement expanded the scope of a previously noticed PRM ([78 FR 34604](#); June 10, 2013) that was filed with the NRC by Mr. James Lieberman (the petitioner). The petitioner requests that the NRC expand its regulatory framework to make it a legal obligation for those non-licensees who seek NRC regulatory approvals to be held to the same legal standards for the submittal of complete and accurate information as would a licensee or an applicant for a license. The public comment period on the supplement closes on April 7, 2014.

Unified Agenda of Federal Regulatory and Deregulatory Actions: Semiannual Regulatory Agenda; Correction; 10 CFR Chapter I (NRC-2013-0263)

On January 22, 2014, the NRC published a correction in the *Federal Register* ([FR 79 3543](#)) that corrected a notice appearing in the *Federal Register* on January 7, 2014 ([79 FR 1294](#)), notifying the public of the availability of its semiannual regulatory agenda (the Agenda). The Agenda is a compilation of all rules on which the NRC has recently completed action or has proposed or is considering action. This correction was necessary to revise an incorrect NRC Docket ID and was effective on January 22, 2014.
