SUBJECT: RESPONSE TO NOTICE OF VIOLATION DATED DECEMBER 17, 2013 -
INDIANA UNIVERSITY

Dear Mr. Crouch:

This acknowledges receipt of the letter from Indiana University, dated January 2, 2014, and the addendum to that letter dated January 23, 2014, in response to the U.S. Nuclear Regulatory Commission's (NRC) letter dated December 17, 2013, transmitting a Notice of Violation.

In the January 2, 2014, letter and its addendum, you identified the corrective actions that Indiana University has taken or plans to take to address the violations, and described how your corrective actions to prevent a similar violation will be more successful than the previous corrective actions taken to prevent a similar violation. NRC has reviewed the corrective actions, which appear to be adequate, and has no further questions at this time. The actions Indiana University has taken and plans to take to address the violations will be examined during a future inspection.

In accordance with Title 10 of the *Code of Federal Regulations* 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC's Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC's website at <http://www.nrc.gov/reading-rm/adams.html>.

Please feel free to contact Robert Gattone of my staff if you have any questions regarding this correspondence. Mr. Gattone can be reached at 630-829-9823.
