RE: USA/9296/B(U)-96 (Current Revision 8)

Dear Mr. Waters:

QSA Global, Inc. requested amendment of the certificate referenced above for the Model 880 Series Type B(U) packages on 21 November 2013. Enclosed is Revision B of drawing R880SC submitted with that request. This drawing revision corrects a typographical error on sheet 3 of 6 regarding the torque requirement for the top lock plate screws. Revision A failed to include the value for the  $\pm$  in-lbs for the 60 in-lb torque value. Revision B includes the correct tolerance range for this torque value. No other changes are required at this time. Should you have any additional questions or wish to discuss this submission after receipt please feel free to contact me.

Sincerely,

Lori Podolak
