Dear Sir or Madam:

In Reference 1, Entergy submitted a request for relief from the requirements of the ASME, Boiler and Pressure Vessel Code (Code), Section XI pertaining to pressure testing requirements of the Waterford Steam Electric Station Unit 3 (WF3) reactor vessel head seal leak-off piping.

Entergy has determined that request for relief W3-ISI-022 is no longer needed and is hereby withdrawing the proposed amendment request. Based on this withdrawal, Entergy believes the information requested in Reference 2 is no longer needed and Entergy intends to cease activity on providing the information.

This submittal contains no regulatory commitments. If you have any questions or require additional information, please contact me at (504) 739-6685.

Sincerely,

JPJ/RJP
