Hello Allison,

Please accept my informal way of addressing you.

The message I'd like to send will be one of the most exciting things you've will have heard in a long time.

However, this information needs to be kept as confidential as possible. Should I try calling you at (301) 415-1750 ?

Here's the details of why I'm contacting you. A colleague believes he has somewhat accidentally discovered the

technology to neutralize nuclear waste!!!! This could answer your deep concerns that this waste would no longer

have to be buried. I hope to hear from you

Sincerely, Gil Bayless
