- ES-401N, Attachment 1, Item 2.b. 3 of 23 should be 4 of 26. Really just a math error.
- Form ES-602-1 revised to remove Question 11 related to question "double jeopardy." The remaining questions have been renumbered accordingly. The conflict is that this question remains in Rev 10. What was removed is Question 10. What was the intent?
- Additionally, in a number of places, intended footnotes did not show as superscripts in the text and or the text referenced a footnote that was not present.
