In the Matter of  
Florida Power & Light Company  
(Turkey Point Units 6 and 7)  
Docket Nos. 52-040 and 52-041

Dear Administrative Judges:

Pursuant to the Licensing Board's Memorandum and Order dated March 30, 2011, as modified by the Licensing Board's Notice dated September 12, 2012, the Staff is providing the Licensing Board and the parties an index identifying additions to the Hearing File required to be disclosed by the Staff pursuant to 10 C.F.R. § 2.336(d). The index contains the ADAMS accession number, date, and title of each listed document so as to make each document readily retrievable from the agency's website, [www.nrc.gov](http://www.nrc.gov), using the ADAMS "Find" function. Additionally, the Staff will add the documents identified in the index to the agency's Electronic Hearing Docket ("EHD") associated with this proceeding entitled "Turkey Point Hearing File." Also attached, as required by 10 C.F.R. § 2.336(c), is the Affidavit of Manny Comar.

In accordance with the Licensing Board's March 30, 2011, Memorandum and Order, relieving all parties from the obligation of producing privilege logs, as otherwise required by 10 C.F.R. §§ 2.336(a)(3) and 2.336(b)(5), the Staff is not now producing privilege logs. In accordance with the March 30, 2011, Order, however, the Staff is required to produce a log of documents withheld as containing proprietary information. In preparing the enclosed Hearing File Index update, the Staff identified no documents for inclusion on the log of documents withheld as containing proprietary information. Accordingly, no privilege log is attached. As directed by the Licensing Board, the Staff is preserving and maintaining all privileged documents during the pendency of this proceeding.

Also in accordance with the March 30, 2011, Order, the Staff hereby updates the status of its schedule for issuing its review documents prepared in connection with the Application. The schedule has not changed since the last hearing file update. As indicated in the Staff letter to the Licensing Board dated May 10, 2012, the schedule for the safety and environmental reviews set forth in the Staff letter to the Licensing Board dated November 3, 2011, is no longer viable. In a letter dated May 4, 2012, to M. Nazar, FPL, from D.B. Matthews, NRO (ADAMS Accession No. ML120740390), the Staff informed FPL that the Staff would reassess FPL's overall review schedule following the receipt of information requested in the May 4 letter. When the Staff sets new review schedules in light of the requested information, the Staff will promptly inform the Board and parties.

Respectfully submitted,
