Classification: UNCLASSIFIED
Caveats: NONE

Dennis - I think you already received a copy of the attached certificate from Colin O'Connor showing that he completed the Troxler training.

Additional information that you might still need:

Colin's phone number is (603) 646-4860

Colin's FAX number is (603) 646 4658

Colin's email address is Colin.F.O'Connor@usace.army.mil

Our Management Representative would be me:

Jerry W. Haskins
Chief, Safety & Environmental Management Office Engineering Research & Development Center
3909 Halls Ferry Road
Vicksburg, MS 39180

phone: (601) 634-2298
FAX: (601) 634-4050
email: Jerry.W.Haskins@usace.army.mil

Let me know if you need this signed in hard copy on our letterhead.

Thanks.

Jerry W. Haskins

Subject: [EXTERNAL] Department of the Army, Request for Additional Information Concerning Application for a License Amendment, Control 582575

Dear Mr. Jerry W. Haskins,

This is in reference to COL Eckstein's letter dated November 18, 2013, requesting for amendment to Nuclear Regulatory Commission License No. 28-07946-06, Docket No. 030-21063. In order to continue our review, we need the following additional information:

1. You have requested Mr. Colin F. O'Connor to be your Radiation Safety Officer (RSO) and submitted a training certificate from a radiation safety course that is not a manufacturer or distributor. NUREG-1556, Volume 1, "Consolidated Guidance About Material Licenses, Program-Specific Guidance About Portable Gauge Licenses" Section 8.7 states that the RSO must have adequate training and experience. Successful completion of a fixed gauge manufacturer's or distributor's course or equivalent course that meets Appendix D criteria. Please submit information that the radiation safety course that was attended meets the criteria in Appendix D or other information that demonstrates Mr. O'Connor is qualified through training and experience.
2. Please provide Mr. O'Connor's telephone number, facsimile number, and electronic mail address.
3. Currently the Management Representative Byron L. Young. Do you wish to change the Management Representative? If so, please submit contact information and title of the new management contact.

We will continue our review upon receipt of this information. Please reply to my attention at the Region 1 Office and refer to Mail Control No. 582575. If you have technical questions regarding this letter, please call me at (610) 337-5366.

The NRC's Safety Culture Policy Statement became effective in June 2011. While a policy statement and not a regulation, it sets forth the agency's expectations for individuals and organizations to establish and maintain a positive safety culture. You can access the policy statement and supporting material that may benefit your organization on NRC's safety culture Web site at <http://www.nrc.gov/about-nrc/regulatory/enforcement/safety-culture.html>. We

strongly encourage you to review this material and adapt it to your particular needs in order to develop and maintain a positive safety culture as you engage in NRC-regulated activities.

Please note that you may not reply to this letter by return e-mail. Your reply must be in writing by letter or facsimile (610-337-5269). If we do not receive a reply from you within 30 calendar days from the date of this e-mail, we will assume that you do not wish to pursue your application.

Dennis Lawyer

Health Physicist

U.S. Nuclear Regulatory Commission

Division of Nuclear Material Safety

Nuclear Gauge Safety Certification

This certifies that

Colin O'Connor

has successfully completed training on radiation safety and regulatory requirements for the use of portable nuclear gauges on this date.

January 16, 2014

This certificate is not valid until signed by the licensee RSO.

I attest that the person named above, and no other, has completed the online course and tests. I certify that the individual has completed practical skills training for setting up and making measurements, routine maintenance, packaging and transport, storage, and emergency procedures for portable nuclear gauges.
