Dear Mr. Wilson,

We are writing in response to your email dated February 5, 2014. We confirm that leak tests of the devices containing Ni-63 sources have been performed at the required frequency and that no radioactive contamination has ever been detected on these devices.

If you have any additional questions or concerns, please do not hesitate to contact us.

Sincerely,

A handwritten signature in black ink that reads "Eric Watters".

Eric Watters
EHS Site Lead

A handwritten signature in black ink that reads "David J. Durkee".

David J. Durkee
