SUBJECT
Additional Information Requested

SUMMARY

This refers to your request for an NRC license dated November 21, 2013, and the phone conversation between Eliza Simington and Jennifer Bishop on January 9, 2014 at 2:00 pm.

As discussed during our conversation, please note that before the license can be issued, we will need to conduct a pre-licensing site visit. We will work with you to determine the best time to conduct the visit.

While reviewing your application, we noted several items that we will need in order to complete our review:

A. In NRC Form 313, Item 3, "Address of Use," you included one address where material will be stored and used, however, you did not include a request to use the gauges at temporary job sites.

RESPONSE: Please indicate if the gauges will be used at temporary job sites.

ACTION REQUIRED (IF ANY)

Please submit your response by February 10, 2014, and reference it to my attention as "additional information to control number 582587 to facilitate proper handling in our office. Your response must be currently dated and signed by a senior management representative. If you have any questions or require clarification of any of the information stated above, please do not hesitate to contact me at 630-829-9607

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

CONVERSATION RECORD (continued)

SUMMARY: (Continued from page 1)

B. In your application, you stated that you will be the Radiation Safety Officer, however you did not provide documentation of your training. Please also note that you will not be able to change and name your RSO internally; NRC must do that for you via the amendment process. Each proposed RSO must be qualified in accordance with the guidance in NUREG 1556, Vol 1, Rev. 1, Section 8.7, Item 7: Individual(s) Responsible for Radiation Safety Program and Their Training and Experience.

RESPONSE: Please provide the training certificates for your RSO or Gauge User training course. In addition, please provide an organizational chart for your company.

For guidance on preparing all licensing correspondence, please use NUREG 1556 Vol. 1, Rev. 1, "Consolidated Guidance About Materials Licenses - Program-Specific Guidance About Portable Gauge Licenses." This document can be found at:
